

Dear Sirs:

Please do not interfere with the New Jersey "DO NOT CALL" policy. IF we New Jerseyians weren't happen with the results we have received by signing up for the program, our voices would be heard loud and clear. But, we are pleased. In today's electronic word, we are bomarded with enough unwanted junk mail, email, and other sources of advertistment. We don't need to be harrassed by unwanted and often unneeded telephone calls.
